

## PROFESSIONAL EXPERIENCE

### *Mern Stack Development (intern) at Luminar Technolab, Kochi*

January 2023 – Present

- Designing and maintaining full-stack web applications, encompassing both the frontend and backend elements.
- Crafting user interfaces (UI) by proficiently utilizing HTML, CSS, and JavaScript.
- Ensuring cross-device functionality by implementing responsive designs for optimal user experience.
- Managing server-side logic, database handling, and server configurations using node.js.

### *IT Support Engineer at Aspexx Tech Private Limited*

2021 – 2023

- Resolved hardware, software, and network-related issues reported by end-users.
- Diagnosed problems and investigated root causes for effective troubleshooting.
- Implemented timely and efficient solutions to ensure prompt issue resolution.
- Collaborated with cross-functional teams to address escalated technical challenges.
- Employed proactive measures to prevent potential issues and optimize system performance.
- Conducted comprehensive tests and evaluations post-resolution to verify effectiveness.
- Maintained accurate records of reported incidents and applied solutions.

### *Jr. System Administrator at Mazsoft Technologies*

2016 – 2017

- Proficiently install, configure, and maintain diverse computer hardware, including desktops, laptops, printers, and various peripherals.
- Skillfully assist in resolving network-related matters, encompassing connectivity issues, Wi-Fi configuration, and adept troubleshooting of network devices.
